

Publication list

Peer reviewed publications

- Hedegaard, C. & Chateigner, D. Manuscript. Shell structures of Palaeozoic Monoplacophora, nacre revisited.
- Hedegaard, C. & D.R. Lindberg. Manuscript. Nacre - the malacological armillary sphere. .
- Hedegaard, C.; Chateigner, D. & Wenk, H.R. Manuscript. Textures of aragonitic mollusc shells - a character analysis.
- Hedegaard, C. & D.R. Lindberg. In prep. A preliminary phylogeny of the Neritopsina. To be submitted to *Zoological Journal of the Linnean Society*.
- Hedegaard, C.; Bardeau, J.F. & Chateigner, D. 2006. Carotenoid shell pigments. *Journal of Molluscan Studies*
- Cardoso, F., Felipe, M. & Hedegaard, C. 2005. Gender Divergence in Physical Education Classes. *Psicologia: Teoria e Pesquisa*, 21(3), 349-357
- Chateigner, D.; Hedegaard, C. & Wenk, H.R. 2000. Mollusc shell microstructure and crystallography. *Journal of Structural Geology*, 22, 1723-1735
- Hedegaard, C. 1999. Biological Classification - organizing organisms, Geological Society of America Symposium on Teaching Paleontology and Evolution
- Chateigner, D.; Hedegaard, C. & Wenk, H.R. 1999. Quantitative characterisation of mollusc shell texture. In: *Proceedings of the twelfth international conference on textures of materials*, vol. 2, Jerzy A. Szpunar, ed. pp. 1495-1500. NRC Research Press, Ottawa.
- Hedegaard, C. & Wenk, H.R. 1998. Microstructure and Texture Patterns of Mollusc Shells. *Journal of Molluscan Studies*. 64, 133-136
- Hedegaard, C. 1997. Shell structures of the Recent Vetigastropoda. *Journal of Molluscan Studies*, 63, 369-377.
- Hedegaard, C.; Lindberg, D.R. & Bandel, K. 1997. Shell microstructure of a Triassic patellogastropod limpet. *Lethaia*. 30, 331-335
- Lindberg, D.R. & Hedegaard, C. 1996. A deep water patellogastropod from Oligocene water-logged wood of Washington State, USA (Acmaeoidea: Pectinodonta). *Journal of Molluscan Studies*, 62, 299-314
- Hedegaard, C. 1996. *Molluscs - Phylogeny and Biomineralisation*. Ph.D. dissertation from Naturvidenskabelige Fakultet, Aarhus Universitet
- Chateigner, D.; C. Hedegaard & Wenk, H.R. 1996. Texture analysis of a gastropod shell: *Cypraea testudinaria*. In: *Textures of Materials*, vol. 2, Zhide Liang, Liang Zuo, Youyi Chu, eds. pp. 1221-1226. International Academic Publishers, Beijing.
- Hedegaard, C. 1991. Shell ultrastructures: A tool in taxonomy, evolution and ecology. Proceedings of the first workshop of the Tropical Marine Mollusc Programme in Phuket Marine Biological Center, 12-18 August 1991. *Phuket Marine Biological Center Special Publication 9* (1991), 38-46.
- Hedegaard, C. 1991. Role of Taxonomy. Proceedings of the first workshop of the Tropical Marine Mollusc Programme in Phuket Marine Biological Center, 12-18 August 1991. *Phuket Marine Biological Center Special Publication 9* (1991), 9-14, 15-17.
- Hedegaard, C. 1990. *Shell Structures of the Recent Archaeogastropoda* (vol. 1-2). Cand. scient. dissertation at Dep. of Genetics & Ecology, University of Aarhus.

Publication list

Unreviewed publications

- Hedegaard, Claus. 2009. Crinoids. Five-fold scavengers. *Lapidary Journal Jewelry Artist*, 62(10), 60-61
- Hedegaard, Claus. 2008. Magnesite. From stomach pain to headache. *Lapidary Journal Jewelry Artist*, 62(9), 66-67
- Hedegaard, Claus. 2008. Botryogen. Go sit in the corner. *Lapidary Journal Jewelry Artist*, 62(8), 62-63
- Hedegaard, Claus. 2008. Prehnite. First and last among equals, with an impropriety. *Lapidary Journal Jewelry Artist*, 62(7), 23-24
- Hedegaard, Claus. 2008. Pezzottaite. "Raspberry". *Lapidary Journal Jewelry Artist*, 62(6), 60-61
- Hedegaard, Claus. 2008. Pseudomorphs. Minerals in disguise. *Lapidary Journal Jewelry Artist*, 62(5), 66-67
- Hedegaard, Claus. 2008. Graphite. Drawing a slippery line. *Lapidary Journal Jewelry Artist*, 62(4), 66-67
- Hedegaard, Claus. 2008. Aragonite. Disenfranchised twins. *Lapidary Journal Jewelry Artist*, 62(3), 58-59
- Hedegaard, Claus. 2008. Isotropic crystals. Gradually vanishing gems. *Lapidary Journal Jewelry Artist*, 62(2), 84-85
- Hedegaard, Claus. 2008. Benitoite. In a class of its own. *Lapidary Journal Jewelry Artist*, 62(1), 66-67
- Hedegaard, Claus. 2008. Spinel. Vividly colorless. *Lapidary Journal Jewelry Artist*, 61(12), 62-63
